

## High Value Multilayer Ceramic Capacitors (High dielectric type)

## JMK212F106ZG-T

## ■ Features

- Item Summary  
6.3V, Y5V, 10  $\mu$ F, -20% to 80%, 0805
- Lifecycle Stage  
Mass Production
- Standard packaging quantity (minimum)  
Taping Embossed 3000pcs

## ■ Products characteristics table

|                                       |                                                 |
|---------------------------------------|-------------------------------------------------|
| CaseSize (EIA/JIS)                    | 0805/2012                                       |
| Rated Voltage (max)                   | 6.3V                                            |
| Capacitance                           | 10 $\mu$ F                                      |
| Capacitance Tolerance                 | -20% to 80%                                     |
| Resistance                            | 500 M $\Omega$ $\mu$ F                          |
| Dielectric Loss Tangent               | 16%MAX                                          |
| Temperature Characteristics (EIA/JIS) | Y5V/F                                           |
| Temperature Range (EIA/JIS)           | -30 to +85 $^{\circ}$ C/-25 to +85 $^{\circ}$ C |
| Capacitance Change (EIA/JIS)          | -82,+22/-80,+30%                                |
| RoHS Compliance                       | Yes                                             |
| Halogen Free                          | Yes                                             |
| Soldering Method                      | Reflow                                          |

## ■ External Dimensions

|   |                   |
|---|-------------------|
| L | 2.0mm $\pm$ 0.10  |
| W | 1.25mm $\pm$ 0.10 |
| T | 1.25mm $\pm$ 0.10 |
| e | 0.5mm $\pm$ 0.25  |
