Technical drawing of a connector assembly. The drawing shows two views of the assembly, labeled W and Z. A vertical line represents the centerline. Dimensions are indicated by arrows:

- For view W: 8.20 (distance from centerline to the start of the connector), 2.10 (distance from centerline to the end of the connector).
- For view Z: 11.20 (distance from centerline to the start of the connector), 2.10 (distance from centerline to the end of the connector).

A label "SEATING PLANE FOR CONNECTOR" with an arrow points to the top of the vertical line.

A diagram showing a rectangular grid of points. The grid is composed of 12 columns and 8 rows of points, totaling 96 points. The width of the grid is labeled as 36.00, and the height is labeled as 12.00. The points are arranged in a regular pattern within the rectangle.
